Many thanks for your letter. I am glad to know that the first meeting has been so successful. I am afraid that I cannot be present at the next, and I leave for the West after that. It is a time of day that is extremely difficult for me to get away from my work.

CABLE ADDRESS "MANHOOD"

April 14th, 1915.

President R. A. Falconer, LL.D., D. Litt.,
University of Toronto,
TORONTO.

Dear President Falconer,-

At the meeting of the Finance Committee of the Association held on Monday evening, at which there was a very large attendance, the situation of the University Association was explained to the Committee, and all the members were most sympathetic, and regretted exceedingly that matters have drifted into the present unfavorable condition.

While the Committee is unable, owing to the lack of funds, to provide any money beyond the proportion of the proceeds of the Joint Current Expense Fund for this year, it was definitely understood that the arrearage brought over by your Association from last year should be included in and covered by the solicitation of funds for the year commencing May 1st next. Mr. Bradshaw and myself were authorized to take the matter up with you and do anything that we could to help in the meantime. Our understanding is that the amount required is approximately \$2100.00.

The Committee also feel that it would be a very great advantage if the University Association would enter into a closer federated arrangement with us than now exists, so that the budgets might come under the purview of the entire Board of Directors as those of our Branches do. When the revision to our Constitution was made a year ago, in accordance with the enclosed article, it was with the distinct hope that both the West End and the University Association, while retaining their legal entity as now, would federate by appointing Directors to our Board under the provisions of our Constitution. The West End Association has already done this, and we should be very glad if the University Association would do the same.

It would be the hope of our men that we could assist the University Association to strengthen its own Board, and we should be glad to undertake to do this if this federated relation was acceptable to the University Association.

President R. A. Falconer

Of course, in such times as these the financial pressure is rather unusual, and we all need to be patient with one another in working it out, as I am sure we shall be.

Yours very truly,

G. A. Wurmbach

Dear Mr. Warburton:

I have your letter. I have talked the matter over with Mr. Ferris, who I think saw the Treasurer, and he was in some doubt as to how it would be possible for the Y.M.C.A. to get along with the bank for the present year. I think that your Treasurer's suggestion has been satisfactory. I have to thank you for the courtesy of your letter and the endeavour to meet our needs at this very difficult time.

The other question I should like to take up with you when we are somewhat freer as it involves a good many difficult matters.

With kind regards, I am,

Yours sincerely,

President.
